I want to assist you:

A2Z Computer Help is your local source for personal computer repair, laptop repair, data recovery, virus and spyware removal, wireless networking installations, website design/maintenance as well as training and much more. We are a home based, independently owned and operated business located in Ocean County.

Today, more than ever, it's important to work with the right computer specialist. There are so many choices and many are geared toward small to very large businesses. A2Z Computer Help is geared more toward the individual home based user.

We have the knowledge and expertise to assess your needs, analyze your system and provide integrated solutions that really work for you.

We help you choose the right technology then customize your system to support your personal plans and budget.

Our installations are always 100% reliable and dependable. Support is provided 24/7 by Certified specialists, who have been highly trained and have years of experience dealing with hardware and software issues.

We provide these services in the comfort of your home or office, at a mutual convenience.

Customer Service:

A2Z Computer Helps' commitment to outstanding customer service has culminated from the many years of straining to receive the proper customer service from other companies and/or businesses for our own needs. We started our company based on the mantra "Treat others as you would like to be treated".

You can turn to us with confidence to provide straightforward answers, sound advice, the right technology and the right solutions to meet your requirements and to get the job done when you need it, on time and on budget.

What sets us apart from all of the others?

A2Z Computer Help provides Trained Professionals, who are Certified, Knowledgeable, and Experienced to meet and assist you with your Personal Computer needs. We are happy to serve you and you can rely on us. We are just a telephone call or email away.

We take security seriously and work with our clients to ensure that they are not vulnerable to the many threats online. Along with your operating system and your anti-virus software, we support the use of manufacturer's updates and that these updates are critical to the security and reliability of your computer.

We have over 30 years of computer technology experience and we are constantly working to improve the services we provide and further educate and train ourselves.

A2Z Computer Help was founded by Lisa A. Gambino. The business is growing modestly with many satisfied clients ranging from individuals who want to enjoy and reap the benefits of having a personal computer for the many uses in this ever advancing world of technology, to individuals running a home based business.

Our primary goal at A2Z Computer Help is offering comprehensive solutions that address the plethora of technology needs for the home user. We take pride in our reasonable prices, excellent customer service and experience. Give us a call, at 732-237-9704. We are confident that you will be delighted with our high quality service.

Allow us to handle all of your technology needs, so you can focus on your daily routine.
